A LITTLE ABOUT TEAM CATTLE PENNING

Team Cattle Penning is a western equestrian sport that evolved from the common ranch work of separating cattle into pens for branding, doctoring, or transport. Today it is a fast-paced event that gives a team of three riders on horseback from 60 to 90 seconds (depending on the class or the sanctioning of the event) to humanely separate three specifically identified cattle from a herd of 30 and put them in to a pen at the opposite end of the arena. The Alberta Team Cattle Penning Society mission is to develop and promote the sport of team cattle penning. Team cattle penning is an activity that is attractive to the horse enthusiast and provides an opportunity to work with the horse and compete in a safe, friendly, and fun atmosphere. The sport is popular with families and helps young riders learn horsemanship skills, and sportsmanship in a friendly, competitive setting.
